THE ROAD TO SMARTER WWTP

We are pleased to announce that on 8 September, 2015, we will hold a one-hour symposium: The road to smarter WWTP – intelligent data management and modelling.

It is arranged in conjunction with the 12th IWA Specialised Conference on Design, Operation and Economics of Large Wastewater Treatment Plants (WWTPs) to take place in Prague, Czech Republic on 6-9 September, 2015.

The symposium delves into best practices on design and operation of WWTP and it will specifically look at intelligent data management and modelling. The symposium will include practical case studies presented by members of DHI's WEST Development Centres as well as by our DHI experts.

The symposium will provide a lively forum for learning and debate. It will benefit a large cross-section of waste water treatment plant managers and staff.

We hope that you will join us in this opportunity for exchanging ideas, sharing knowledge, extending technical skills, and meeting professional colleagues.

SYMPOSIUM PRESENTERS

Enrico Remigi
Environmental Engineer, DHI

Dr Enrico Remigi is responsible for model implementation and technical support in wastewater modelling. He is a member of the WEST development team and has extensive international experience in WEST modelling projects and training.

Marcus Richter
Business Area Manager, Cities, DHI

Marcus Richter is an engineer with a strong focus on water/wastewater industry solutions to empower our clients to plan, manage and operate urban infrastructure systems based on MIKE Powered by DHI software products.

ORGANISERS

This symposium is arranged by DHI as part of the conference programme of the 12th IWA Specialised Conference on Design, Operation and Economics of Large Wastewater Treatment Plants to take place in Prague, Czech Republic on 6-9 September, 2015.

KEY DATES

- Symposium day: 8 September
- Conference days: 6-9 September

BENEFITS

- Meet and discuss with WWTP experts, operators, and decision makers
- Enjoy excellent knowledge-sharing and networking opportunities
- Learn from practical applications within the areas of WWTP and data management and modelling

VENUE

Diplomat Hotel Prague
Evropská 15
160 41 Prague 6
Czech Republic

REGISTRATION AND MORE INFORMATION

As the lunchtime symposium is held for participants of the IWA conference, registration is not needed.
